AT THE CORPORATION STADIUM
ON 10-10-1952.

Annual Subscription Rupee 1.

Conference of Commissioners and Secretaries (Scouts and Guides sections) held at Madurai on the occasion of the visit of the National Organising Commissioner and National Camp Chief of the Bharat Scouts and Guides, India to Madurai on 4th September 1952.

Forty Commissioners of all ranks (Scouts and Guide sections) and Secretaries of District and Local Associations from the Districts of Tanjore East, Tanjore West, Tiruchirapalli, Madurai, Ramanathapuram and Tirunelveli attended the conference.

Sri K.S. Seshadri. B.A., B.E., A.M.I.E.E., A.M.I.E., (IND.). Assistant State Commissioner presided.

Dr. K. G. Ramabhadran, the District Commissioner (Scouts), Madurai District paid a glowing tribute to the services rendered by Mr. K.S. Seshadri in the Southern Districts and Pandit Sri Ram Bajpai, for his valuable services for the movement in India for over 40 years. He also said that Madurai had an active District Association with an able President in Sri T.S. Rajam and other office-bearers. He was also happy that the District Collector, Sri N.S. Arunachalam I.C.S.; and the District Educational Officer Mr. Rudhrappaswamy have been giving their co-operation.

The National Organising Commissioner Pandit Sri Ram Bajpai addressed the conference and exhorted the Commissioners and Secretaries to face all difficulties in the movement with courage and conviction. He said that there has been ups and downs in the movement and as Commissioners and Secretaries they should set the right example to the boys and girls in overcoming those difficulties with cheerfulness and determination. Difficulties and obstacles are always the real tests of our enthusiasm and spirit and we should not always look for 'fair weather' but should always be prepared for 'rough weather' It is rough weather that is always welcomed by young boys and girls and it gives them courage and strength. He appealed to them to see that every commissioner, scouter and guider set a proper example and standard for the Scouts and Guides.

Subjects relating to General Organisation, finance, co-operation with the Educational authorities, Group work, Uniform and smartness, Badges, Training of Scouters and Guiders, Camp site. Club Rooms, Literature and Propaganda, Open grounds, Rovering and services by Scouts and Guides were dealt with in the Conference. The conference proved very instructive and useful.

The Finance Minister Inaugurates.

The Bharat Scouts & Guides Week.

At a representative gathering of the public and Scouts and Guides and their leaders, the State Scouts and Guides week was inaugurated by Mr. C. Subramaniam, the Minister for finance at the State Headquarters, Wenlock Park, Madras, on 30th September 1952. In doing so Mr C. Subramaniam said that every boy and girl in the State should be given the benefit of Scout and Guide training, that the Scout movement had come to stay and spread throughout the country. He said that he was not a stranger to the Scout movement but an old Scout himself. Having been a scout for over two years when he was a student of the High School, he was thoroughly conversant with the working of Scout Organisation and the life of a Scout. The purpose of Scout training should be to inculcate in the mind of the youth the qualities of love and of Brotherhood. In the world of today some forces were at work which threatened to lead to another war. It would be the youth, who would have to fight the war if it broke out. They should therefore be trained in such a way that they would be able to prevent the out-break of another world war.

The Minister said that every boy and girl attending School should be given training in Scouting so that their education can become purposeful and useful. The Scout training could be imparted without costly equipment. The Finance Minister stressed the importance of training the young on right lines and said that they should be trained on the basis of what Mahatma Gandhi had taught namely, peace and love. This message was not only for India but for the whole of humanity.

The Scout movement also inculcated the virtue of caring for the weak and taught those in the movement to regard every one as the friend. He was glad that the movement was making rapid progress and wished the movement all success.

Mr. K. Venkataswami Naidu, the State Chief Commissioner welcoming Mr. C. Subramaniam said that they have been able to attract 50,000 boys and girls towards the Scout movement in this state.

The Government were giving an annual grant of about Rs. 26,000 to the Madras State Bharat Scouts and Guides. They also required the help of various local bodies and organisations. The

Government were spending several lakhs on the National Cadet Corps, if they could only grant a lakh or two to the Scout movement, it would enable four or five times the present number of boys and girls being brought under the beneficent influence of the movement. He hoped that the Finance Minister will take a special interest in this youth movement which stands for the training of the young along useful lines.

Mrs. M. N. Clubwala, State Commissioner for Guides said that the Government should place more land at the disposal of the movement for the purpose of carrying on their camp activities. She hoped that the Government will give effect to the recommendations made by the "Government Committee on Camping." To increase the strength of the movement more trained workers were needed and this led to the question of finance. Hence she would appeal for enhanced grant from the Government and help from the public.

Mr. V. S. Ratnasabhpathy, State Secretary said that the merger in the state of Madras was a better success than most of the States in the country. Reviewing the work of the Association he said that 15 months ago over, 100 workers met in conference at the Stanley Park Training Centre, Coonoor under the presidency of Mr. V. S. Hejmadi, the State Commissioner to consider the manner in which the merger could be worked out successfully. In pursuance of the decisions taken at that conference four divisional centres have been established to work in liaison with the Divisional Inspectors of Schools and also to vitalise the centres which will radiate to the Districts coming under the divisions intensive, scout and guide activities. He was glad to mention that the centres have worked well and that the arrangement has been appreciated by the Districts themselves, that recently an Organising Commissioner has been also provided to the Anantapur Centre.

The movement is fortunate in having in the present Chief Commissioner and State Commissioners an able team of leaders to give the right direction and assistance to the movement. He welcomed the information that the finance Minister was an *old Scout* and requested him to lead the old Scout branch of the movement, and in that way his association with the movement will be of great help. He also mentioned the successful termination of the training camp of Asst. Deputy Camp Chiefs held recently at Coonoor Camping Centre which was attended by 22 men

representing 12 Districts. It is hoped that as a result of this camp a very large number of Scouters will be trained to man the growing organisation.

Mr. S Amudachari, Secretary, East Madras in proposing a hearty vote of thanks expressed the gratitude of the association to the Finance Minister, Mr. C. Subramaniam for his presence, interest and valuable address. The function terminated with the singing of Janaganamana by the Guides.

Walter Donald Rose Trophy

Miss. G. Pakenham Walsh, District Commissioner, (Guides) reports that enthusiastic celebrations were conducted in connection with the Independence Day by the Guides at Papanasam, Palamcottah, Megnanapuram, Kulasekarapatnam, Nazareth and other places. She has also sent a letter for publication from Miss. R. Hacen which is as follows.

"Is'nt it thrilling that India got the Walter Donald Rose Trophy of the World Association the first time it was awarded? Chris Tingley's Guides and Guiders were always good, and this is the answer, but you will have seen it in the April "Council Fire. If you have not let me know".

I do not see "Council Fire" and had not heard this news—but I am almost certain that Miss. Tingley's Co., is in the C.M.S. Girls School Amristar, and Miss. Tingley wrote a beautiful "Thinking Day" scene which we enacted in Palamcottah after Lady Hope opened the Ladies Club. This Co. also rendered First Aid at a bad railway accident near Amritsar—and were so efficient that the authorities at the Hospital to which the patients were sent asked that the Guides might go and help the nurses—Miss Tingley sent them in batches every day for over a week.

You may possibly like to put the notice about the trophy into "The Bulletin.
